

Expand MediaScreen 3

Bring your message to your target audience.

Change your message in seconds with the redesigned, patented, graphic cassette system.

The Expand MediaScreen 3 comes in a variety of new modern colors to add an extra level of sophistication to your message. The included hard plastic case protects and holds your display and spotlight.

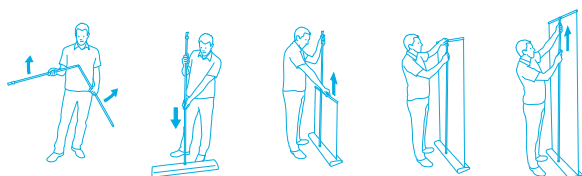

Expand MediaScreen 3

The Expand MediaScreen 3 has a unique design, functionality and optional accessories which make it the best retractable on the market. Its patented system of changeable graphic cassettes, allows you to change the message in seconds. Simply open the two spring-loaded levers and exchange cassettes, push down on the levers and you are done. It doesn't get easier than this!

Another patented feature enables you to compensate for an uneven floor by simply turning the knob on the base to adjust the angle of the graphic.

This portable event display comes in a rugged plastic carry case and is available in matte silver and your choice of modern colored end caps. To attract extra attention to your brand message, we also offer the base in polished aluminum with chrome accents.

Optional accessories include: a spotlight, product shelf, literature holder and LED under lighting.

Width: 33 7/8" (85 cm)
