

Large-Format Specialty Print Media

Glossy Photo Paper, 200gsm

This 8 mil paper is a high quality economical resin coated photographic paper with a glossy finish making it ideal for desktop publishing and POS signage. It has excellent drying characteristics that allow immediate use without smearing or smudging. It is designed to provide images with high color density, optimal color gradation and perfect image sharpness. Also, Glossy Photographic Paper has a bright white tint, perfect for accurate proofing applications.

Canon Photographic/Glossy Papers

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet virtually every printing need. Accurate clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications
