

RSL – 2701S

27" Desktop School Laminator

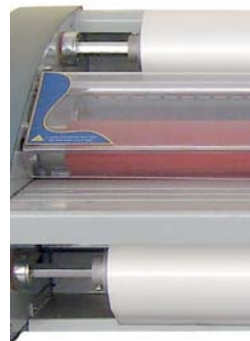

27" High Quality Roll Laminator in a compact tabletop design. Great to use for laminating, mounting, and encapsulating. The RSL-2701S features digital controls, reverse, and independently heated silicone rollers.

HIGHLIGHTS

- **Optimized Performance** Perfect for use by schools and most print and sign shops
- **Easy to Use** Soft touch digital control panel on front makes it easy to laminate
- **Compact Design** Designed with a small footprint for use in small work areas.

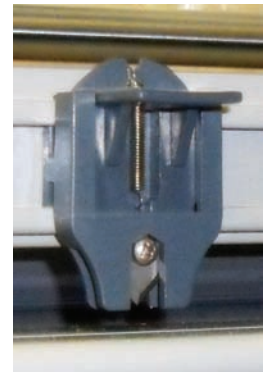

The RSL-2701S is a high quality, economically priced thermal laminator specifically designed for users to easily and professionally finish sheets printed on thinner materials. Built for safety and ease of use, it is perfect for laminating and mounting posters and other graphics up to 27" wide as well as encapsulating graphics. It has a durable, sturdy frame construction and requires no assembly and minimal maintenance. Backed by 25 years of experience, the RSL-2701S is a smart option for today's schools, print & sign shops.

Built-In main roller safety cover for added protection

User friendly controls simplify operation

Cross cutter permits simple cutoff as the laminated material exits the rear of the machine
