

DigiMaxx® Super-wide Magnetic Media

*Works with Solvent,
Eco-solvent, UV and Latex inks*

Expand your Printing Capabilities to the "Maxx!"

Magnum Magnetics® is proud to offer super-wide-format printable magnetic technology that is made in America. We have 40" and 48" wide material in stock, and can produce custom material upon request. Now you can create stunning interchangeable graphics and displays, or get unbeatable yield on cut pieces by running our widest material ever!

DigiMaxx® Super-wide Features

DigiMaxx® super-wide inkjet printable magnetic media is an easy solution to your super-wide printing needs. Our material is ideally suited for a variety of printers and applications.

- Made in America—no "slow boats" required—and supported by unparalleled U.S.-based customer service
- Runs smoothly on UV flatbed and other wide-format printers
- Quality, durable permanent magnet
- For indoor or outdoor use
- Superb ink adhesion and image quality
- Can be cut, perforated or die-cut
- Innovative crush-resistant, double-walled packaging

Applications

- Retail Signage
- POP and In-Store Signs
- Menuboards
- High Yield for Cut Pieces
- ...and more!

★ Quality Made
in the USA ★

NOTES: Available in standard rolls of 25 feet (7.62 m) and 50 feet (15.24 m) in widths of 40" (1016 mm) and 48" (1219 mm). Custom roll lengths and custom widths available upon request. Heavy-wall 3-inch (76.2 mm) core is standard.

General Notes Tolerances: Widths: +/- .03" (.79 mm); Lengths: +/- .06" (1.58 mm) or +/- 1% whichever is greater. *Minimum thickness includes vinyl. **Minimum pounds pull at zero air gap based upon standard poles per inch. Contact us for information about average pull strengths and the recommended product for your application.

Weatherability

Magnum® flexible magnetic sheeting performs well in adverse weather (such as rain, sleet and snow), and in temperatures from -15° F to 160° F (-26° C to 71° C).

Typical Physical Properties

Hardness: Shore D52
 Specific Gravity: 3.5
 Shrinkage: <1.5% @ 158° F (70° C), 7 days
 Tensile Strength: 700 psi (49 kg/cm2)

Shipping and Packaging

Magnum Magnetics will ship DigiMaxx® inkjet printable magnetic sheet almost any way you want it...in rolls, bulk on pallets, or cut blanks for easy handling. Magnum Magnetics also offers personalized packaging for private labeling.

Flexibility

At 68° F (20° C), our high-quality magnetic material can be coiled to a 1" (25.4 mm) radius without cracking.

DigiMaxx® is also available in sheets cut to customer requirements for UV and solvent flatbed inkjet printers.

Our Promise to Customer Service

We pride ourselves on unparalleled customer service—not just lip service. We offer genuine, customer-oriented solutions that beat the competition. Rely on the Magnum® promise: **Quality, Service, Delivery, Value.**

The next time you're in the market for flexible magnetic sheet, strip, custom profiles or magnet-related products, demand the brand that keeps its promise—demand the Magnum® brand.
