

Arctic® 1000 Series

Wide format professional laminators

The Arctic® 1040WF^C and 1064WF^C are the coolest members of the GBC color finishing line. They are designed to protect and enhance heat-sensitive media. The Arctic 1064WF^C laminates and mounts with pressure-sensitive films and adhesives up to 61" wide, while the Arctic 1040WF^C handles films and adhesives up to 38" wide. Production level speeds allow you to finish prints quickly and easily. Use with GBC®'s Arctic® pressure-sensitive line of films and mounting adhesives.

Features and benefits

Easy to use

- Convenient motor-driven rewind for release liner. Brake adjustment on 1064WF^C
- Adjustable speed for operator comfort
- Removable front feed table facilitates changing film rolls
- Foot pedal on 1064WF^C allows hands-free operation
- 1064WF^C stand rolls easily for maximum mobility
- Print basket on 1064^C catches output and stores film
- Reversible motor clears feed jams
- Roller gap adjusts up to 1/2" for mounting

Safety

- A disruption of the photo beam stops the rollers to protect fingers from getting caught.
- Emergency stop button is conveniently located on the 1064WF^C to quickly stop the laminator and provide maximum operator safety

Superior quality

- Large diameter, easy-to-clean silicone rollers provide a high degree of pressure to create clear output.
- Heavy-duty supply shaft on 1064WF^C reduces roll deflection
