

SideWalk[®]

Back to School Outdoor Graphics Media

**Social distance.
Facemask required.
Stand here.
Wait there...**

As you welcome back students, the pandemic-related messages you need to deliver and the actions you need to reinforce are not just important, they're life-safety important. For messages that need to be posted outside on the ground, experienced school administrators are specifying Jessup SideWalk[™] graphics media because its safe, simple, cost-effective, durable and eco-friendly.

Print n' Go Media[™] One pass; no lamination required.

**MADE
IN THE
USA**
Manufactured and
stocked in the USA

The Top 6 reasons to choose Jessup SideWalk™ media for outside ground graphics:

- ✓ **Safety:** Certified to NFSI standards for anti-slip safety 
- ✓ **Simple:** Ready to install after one pass on a printer (UV inkjet, solvent, latex inks); just peel and stick
- ✓ **Cost-effective:** No expensive lamination or cost-prohibitive coatings required to protect graphics
- ✓ **Durable:** Sticks and stays stuck to asphalt, concrete, stone, metal and other walking surfaces
- ✓ **Eco-Friendly:** Follow directions and it leaves no residue when removed
- ✓ **Support:** Visit www.jessupmfg.com for resources to make your job easier

Print n'Go Media™ One pass; no lamination required.

Committed to a Better World

Jessup Manufacturing is committed to developing products that improve the way people live, work and play while creating a lower impact on the environment. Jessup has on staff industrial, performance and quality engineers, chemists and technicians, all committed to studying and refining the impact of its products so as to minimize if not altogether eliminate the negative impact on the environment. Jessup is recognized as a global leader in the development of sustainable products that have redefined how international, national, state and local code writers specify products that require zero energy and are recyclable to enhance human and wildlife safety; some products qualify for LEED credits. Jessup is committed to the continued innovation of materials and products in ways that deliver quality performance while also protecting the environment.

Print n' Go Media™ One pass; no lamination required.
