

### Fire Opal Bright White Matte Canvas

Gemstone Fire Opal is a brilliant polycotton matte canvas that offers a bright white finish on a 2 over 1 weave. It is compatible with aqueous printers. Create fine-art reproductions or beautiful gallery wraps so bright it will make the colors pop right off the canvas.

**PRINTER/INK COMPATIBILITY**  
Compatible with Encad, ColorSpan, Canon, Hewlett-Packard, Mimaki, Roland, and Epson Series Ultrachrome, K3, dye and pigment-based inks.

**COLOR MATCHING**  
For the best and most consistent results, a profile should be created using an external color calibrator in conjunction with your RIP and/or color matching software.

**FINISHING/POST PROCESSING**  
No post processing or finishing is required on this canvas, however a clear fixative may be applied to enhance certain areas of the print.

**OPTIMAL PRINT ENVIRONMENT**  
66-77° F, 20-60% Relative Humidity.  
For end use: 0-300° F

**HANDLING RECOMMENDATIONS**  
Due to the absorptive nature of the coating, you should avoid touching the coated surface. It's always recommended that cotton gloves be used when handling inkjet coated materials.
