Professional quality photo wraps that anyone can do!

**In Less Than Five Minutes!!!**

# *Galerie Wrap*

- First you need to start with your printed image
- For the Standard Galerie Wrap your image needs to be 3" larger than the frame size
- For PRO Wraps your image needs to be 4" larger than the frame size

# Step One:

- Peel the yellow cover to expose adhesive on the bars
- Insert the bars into the positioning corner with the adhesive facing up
- Make sure the bars are flush with the positioning corner edge, and pressed firmly down inside the corner.
- The positioning corners have tabs so that the bars may only be inserted properly.

Time for Step 1: **1 minute**

Accumulative Time: **1 minute**

# Step Two:

- Flip the frame over and center the frame over art work in the desired position
- Firmly Push bars down so they make contact with the back of the media.

Time for Step 2: **20 seconds**

Accumulative Time: **1 minute, 20 seconds**

# Step Three:

Remove the positioning corners by pulling up while holding the stretcher bars down

Time for Step 3: **15 seconds**

Accumulative Time: **1 minute, 35 seconds**

# Step Four:

- You will need a sharp utility knife for this step
- Trim the excess material around the edges of the stretcher bars

Time for Step 4: **1 minute, 30 seconds**

Accumulative Time: **3 minutes 5 seconds**

# Step Five:

Run a small bead of  
PH neutral glue along  
the inside of the  
stretcher bars

Time for Step 5: **30 seconds**

Accumulative Time: **3 minutes 35 seconds**

# Step Six:

- Cut the corners outward where the bars meet at a 45 degree angle

Time for Step 6: **10 seconds**

Accumulative Time: **3 minutes 45 seconds**

# Step Seven:

- Fold the corners onto the beveled ends (on adhesive)

Time for Step 7: **15 seconds**

Accumulative Time: **4 minutes**

# Step Eight:

- Pull the bars up to close the frame.
- Insert the staple into the slots
- Push or gently hammer Staples flush into the frame
- Repeat on all corners

Time for Step 8: **30 seconds**

Accumulative Time: **4 minutes 15 seconds**

# Step Nine:

- Insert four tensioners into the v-slots located in the frame corners
- Make sure tensioners are not touching artwork
- Insert center brace if needed (Pro Gallerie Wrap only)

Time for Step Nine: **15 seconds**

Accumulative Time: **4 minutes 30 seconds**

# Wrap Completed

- Flip over the piece
- Here is your finished Hahnemühle Galerie Wrap
