

Hahnemühle

Studio Enhanced 210

210 gsm, 100% Cellulose, bright white, matte

Specially designed to meet the needs of print studios, Hahnemühle now offers a new paper quality – Studio Enhanced 210.

Studio Enhanced 210 is a single-sided, matte coated inkjet paper with a bright white shade and a smooth surface texture. The matte inkjet coating guarantees brilliant colors and a sharp resolution for expressive images. The instant drying behavior allows for easy handling. With an attractive price performance ratio Hahnemühle offers an interesting paper for a wide range of applications such as photography, portrait, posters, signage, art deco prints and exhibitions of short duration.
