

detailed specifications

summary

Six UV-resistant ink colors and HP's Jetexpress technology combine to help bring durability, unrivalled print speeds, and ultimate photo quality to production printing.

features

- HP's Jetexpress technology results in fast, unattended printing without compromising image quality
- The one-inch-wide printheads with 512 nozzles per printhead lay down a wider ink swath compared with 240 nozzles in the hp designjet CP series ink systems
- Maximum quality print modes up to 1200 dpi will help bring high-resolution images to production printing
- Smart chips embedded in each of the hp 83 UV printheads track printhead wear and alert users when it's time to replace
- Status of printing supplies can be monitored using the hp designjet web access tool, the printer display panel, or the printer dialogue screen
- Replacing printheads separately and less frequently than ink cartridges result in a lower cost-per-page and increased printhead life

key specifications

Print Cartridge, Color(s)	Cyan, Magenta, Yellow, Black, Light Cyan, Light Magenta
Print Head Nozzles	512
Print Technology	HP Thermal Inkjet
Dimensions, U.S. (W x D x H), Package	10.4 x 4.5 x 1.4 in
Weight, U.S., Package	.5 lbs
Dimensions U.S. (W x D x H), Case or Master Carton	14.3 x 11 x 5.5 in
Weight, U.S., Case or Master Carton	5.4 lbs
Quantity per pallet	1,100
Dimensions, U.S. (W x D x H), Pallet	43.8 x 39.4 x 55.5 in
Weight, U.S., Pallet	640 lbs
Warranty Features	Until the "end of warranty" date printed on the printhead is reached, or 700 cc of ink is cycled through the printhead, whichever occurs first
