

hp 84 ink supplies

ink supplies for
hp designjet 10ps,
20ps and 50ps
printers for
B+ graphics

Genuine HP dye-based black, light-dye-load colors and modular ink delivery system combine to produce the look and feel of offset prints.

print-shop-quality results

Produce high-quality images with up to 2400 dpi resolution and four-picoliter ink drop size. A six-ink system with separate light-dye-load cyan and light-dye-load magenta delivers smoother transitions and better color accuracy, giving you vibrant photo-quality graphics.

hassle-free modular system

Print without headaches using the HP 84 convenient modular printhead and ink cartridge system. Both printheads and ink cartridges are long-lived and easy-to-replace. Smart chips monitor ink supply and alert you when ink is low, eliminating guesswork and costly downtime.

faster, more cost-effective printing

Save time and money with genuine HP 84 modular ink supplies. Wider print swath and 304 nozzles per printhead minimize your wait time, while the economical modular supplies give you an attractive cost per print.

hp product numbers

HP 84 ink cartridges, 69 ml

Black	C5016A
Light Cyan	C5017A
Light Magenta	C5018A

HP 84 printheads

Black	C5019A
Light Cyan	C5020A
